

Rely On
RUUDTM

Air Handlers
Model RHPL

Life is fast...

*... spend it
doing the things
you like to do.*

Your life stays in motion. Yet you stay in total control. Cool and calm at the center of any storm, completely at home in your environment.

You've made the right choices – and they're working for you. The world outside will keep spinning, but your world, you control.

You can rely on life to hand you something exciting and new every day. Rely on Ruud to keep the comfort coming home.

Model RHPL

Model RHPL
16 SEER Premium Model

- Multi-position installation fits each home's requirements
- Broad range of airflow capacities from 18,000 to 60,000 BTU/H
- A 10-Year limited warranty on all parts, including the GE® ECM® motor – the most energy efficient and reliable motor available

Warranty Information

Ruud supports its equipment with strong warranties and reliable, professional service. That's why Ruud backs the RHPL Air Handler with a generous 10-year Limited Parts Warranty.

Protection You Can Count On

While your Ruud equipment is incredibly reliable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Ruud Air Handler – without worrying about the cost of parts or labor for unexpected repairs. Ask your contractor about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplusonline.com.

KwikComfort® Financing

Ask your Ruud contractor about *KwikComfort® Financing*, the easy and convenient way to finance everything associated with your Ruud equipment – your original equipment, all subsequent service, Protection Plus® extended service protection, and even the comfort options you might choose to add later.

Take a look inside...

Features and Benefits:

We're Green – Inside & Out

At Ruud, green is much more than the patented *Neutra Green™* color of our products, which blends so well into landscapes. Our high-efficiency air handlers are designed to use less energy and they meet or exceed world environmental standards.

Lower Energy Costs

The heart of your Air Handler is the blower motor. That's why this air handler features a GE® ECM® motor – widely recognized as the industry leader for energy savings, performance and reliability. It also slowly ramps its speed up for quiet operation and enhanced customer satisfaction. In addition, the ECM motor can enhance the SEER rating of the outdoor unit in most applications.

Humidity Control

Your system can improve your level of home comfort by adjusting the humidity level, which provides you and your family healthier air and lower static electricity levels.

Flexible Installation Options

The versatile four-way design of the Ruud Air Handler (upflow, downflow, horizontal left and horizontal right applications) allows our unit to fit in with the design of your home.

Efficient Cooling

The indoor cooling "N-Coil" provides lower airflow resistance which results in high performance in an extremely compact size.

Optional Electric Heat

Field-installed auxiliary heater kit includes circuit breakers that also meet UL and cUL requirements as a service disconnect switch.

Durable Cabinet

Our sturdy steel cabinet protects your Ruud unit from accidental bumps and bruises.

Serviceability

Service time and expense are kept to an absolute minimum. In addition to having one of the smallest overall profiles in the industry, your Ruud Air Handler has been engineered to provide your technician easy access to all internal components.
